- A sequenced ingress/egress procedure into the facility property/gates will be used to minimize large concentrations of personnel or guests
- Each guest will be screened prior to entering the event gates; initial screening will include a non-contact temperature check
- Entry and exit to the grandstands, along with routes to concession stands and restrooms will adhere to social distancing guidelines
- Multiple handwashing and hand sanitizing stations will be placed throughout the venue and entrances
- A cleaning staff, clearly identified for guests, will be cleaning or disinfecting at all times
- Once inside the venue, fans will not be allowed to exit the property and return (no re-entry)
